

Engaging with Ruschlikon: Selecting Technology Options and Vendors

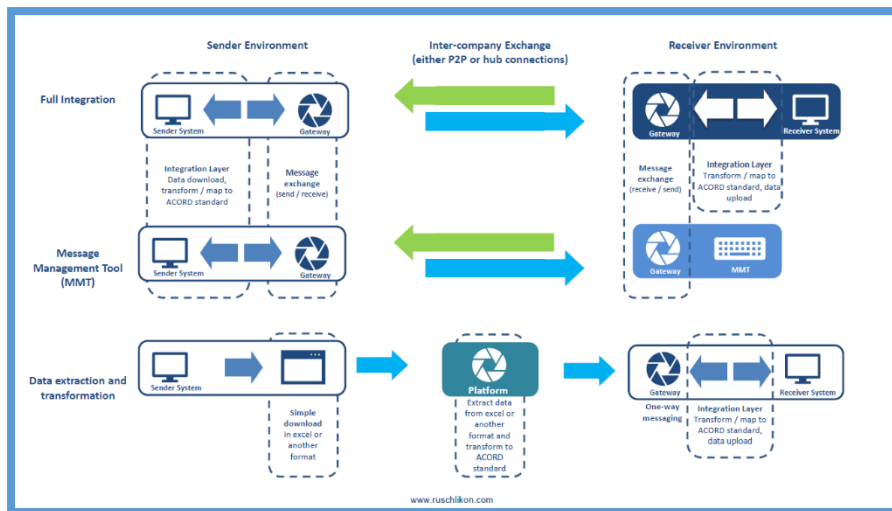

Knowledge

Pick the technological approach that best supports your digital journey

When you are looking for an overview of available technical options for your eAccounting & Claims eMessaging implementation, in line with the ACORD GRLC data standards and Ruschlikon best practice, then you should consult the recently updated [‘Engaging with Ruschlikon - Selecting Technology Options and Vendors’](#) document.

The document will give you guidance on how to find the most suitable technical solution for your company, whether aiming for a full system integration, a Message Management Tool, or a data extraction and transformation solution. The full document can be found here: [Engaging with Ruschlikon - Selecting Technology Options and Vendors](#).

Whilst the document has a specific focus on eAccounting & Claims messaging implementation, the technical options are also the same for ePlacing and Post-placement.
